Case Study

Al Ghalib Petroleum

A case study by:
Hassan Al-Khafaji
Deputy CEO
Al Ghalib

“MES provide Al Ghalib with Static Security at our camp in North Rumalia.

From the outset MES made every effort to understand our requirements, they have been fully committed to our safety, analysing our camp location, set up and threat level in the area and creating an effective security plan to ensure we are fully protected.

MES ensures that their whole workforce adhere to the company's standard operational procedures and act in line with the company's values of respect, commitment, co-operation and integrity. We have been consistently impressed by MES' staff and their capabilities, they are extremely diligent, professional and polite. It is a pleasure working alongside them.

We in no doubt, trust in MES to deploy the most appropriate security solutions and protect our site whilst we focus on the smooth running of our operations.”
