Egyptian Maintenance Company

A case study by:
Dimitri (Bear) Filinov
Security Advisor
GCC Iraq

"MES' Security services have been outstanding in supporting GCC services Iraq. Their Management, has established and forged strong links and partnerships with a wide network of eminent people throughout the region and nothing is ever too much effort for them, we always feel valued and know we can rely on them to provide us with an impressive level of security.

MES provide us with a diverse range of security services whilst always maintaining flexibility to meet our needs in this ever changing environment.

We are very impressed with MES' Security personnel, especially our dedicated PSD team who are consistently very efficient and highly professional.

GCC Services is also very appreciative of all the good work done by the MES' on-site Security Teams; their Officers and Guards alike. Their Site Security Managers all demonstrate their experience, competency and professionalism very well and ensure that the expected standard of security services meet GCC Services requirements."
